

## Eyelash Extension Aftercare Information

Congratulations on your first set of Eyelash Extensions! In order to care for your lashes and to help keep them looking great and healthy there are a few important things that you need to know.

Clean your Lashes with a special Eyelash Extension Cleanser everyday Do not use mascara.

Comb your lashes every day.

Avoid using your fingers to make adjustments as the oils from your hands will transfer to your lashes.

Avoid extreme variation of heat, humidity, and cold weather (i.e. – hot showers, saunas, zero degree weather).

Be sure to schedule a fill appointment every 2 to 3 weeks for timely touch-ups. This will keep your lashes looking full and natural, indefinitely.

Do not attempt to remove the extensions yourself. Have them removed by your professional stylist Contact your stylist with any questions or concerns.
